## Supreme Court Justice B. K. Roberts To Dedicate New Lantana Sanatorium

WEST PALM BEACH—Justice B. K. Roberts of the Florida Supreme Court will be the principal speaker at the dedication, July 16 of Lantana, the State's new tuberculosis hospital, Lake Lytal, co-chairman for the program said here today.

Gov. Fuller Warren will be unable to attend the dedication due to a previous commitment. He will be represented, however.

Sharing the spot light with Judge Roberts as featured speakers will be: Dr. David Smith of Duke University, president of the National Tuberculosis Association; State Comptroller C. M. Gay; Dr. Otis Anderson, assistant surgeon general; and Dr. Henry Sweeney, recently appointed chief medical director for Florida T. B. Sanatoria.

Other speakers will include: Walter Keyes, director, State Improvement Commission; Dr. Wilson T. Sowder, state health officer; Dewey Knight, president, Florida Tuberculosis and Health Association; and Victor O'Neill, Jacksonville, president of the Floridian Club whose members are former T. B. patients.

Introducing the various speakers will be Senator Wallace Strugis, president-elect of the Senate; Dr. C. M. Sharp, director, tuberculosis control bureau, State Board of Health; Mrs. May Pynchon, executive secretary, Florida Tuberculosis Association; W. T. Edwards, chairman, State Tuberculosis Board; and Dr. R. D. Thompson, medical director of Lantana.

Senator John Beacham who is co-chairman for the dedication program, will introduce members of the Senate who attend while B. Elliott, House speaker designate will introduce Representatives.

Master of ceremonies will be Lake Lytal, who is chairman of the Palm Beach County Commission.

Open house will be held at the hospital from 10 a. m. until 5 p. m. and visitors will be taken on guided tours of the building. The dedication service will be held at 3 o'clock.

A program of music will be presented by the Florida A and M College choir, beginning at 2 o'clock and organ music will be heard throughout the day.

The new \$4,000,000 hospital will accommodate 500 tuberculosis patients from the Southeast area composed of Monroe, Dade, Collier, Broward, Palm Beach and Martin counties. Patients will be received at the hospital in August.

Traffic is heavier this year than last on almost every Florida road. A recently tabulated State Road Department car count for last month shows an average increase of 10 per cent in traffic over the previous month, while the increase over the same month a year ago is 48.8 per cent.

The New York Life Insurance Company, said to be the largest insurance company which has remained exclusively in the field of individual insurance, will now enter the group insurance business, it was announced by officials this month.

## Baldwin Names New Lions Groups

Thomas E. Baldwin, new president of the Pahokee Lions Club, has named chairmen of standing committees as follows:

Attendance, C. A. Batchelor; constitution and by-laws, G. M. Belk; program and entertainment, Marshall Lair; convention, R. B. Simonson; finance, Lewis Friend; membership, R. M. Sanders; publicity, John Sutterfield; house, Ralph Stanley; health and welfare, Dr. D. S. Spooner; boy scouts, Rev. Ralph W. Todd; sight conservation, Gil Gahaldon; citizenship, James W. Vann; education, C. A. Canipe; civic improvement, Melvin Spooner; boys and girls, M. P. Stanley; community betterment, Jess M. Elliott; safety, Herman Kautz; greeter, E. P. Holt; chamber of commerce, M. I. Keen; new clubs, Leon Spooner; music director, Mrs. Dorothy Graham.

## County Board Will Not Raise Salary Of Registrar

The County Commission working on its 1950-51 fiscal year budget, Wednesday rejected a request from County Registrar De Witt Upthegrove for a \$31,880 appropriation. Instead, according to Asst. County Auditor R. E. McKee, the registrar will get \$12,100, the same as this year.

Also being considered was the \$185,488 aviation division appropriation request, Mr. McKee said. No action was taken.

The Commission Wednesday morning resumed sitting as a board of equalization but no complaints against the assessment roll were made.

Mr. Upthegrove had requested a salary increase from \$5,400 to \$6,000 for himself and increase in salary to \$3,000 for his chief deputy. (This also was rejected and remains at \$2,700) plus \$5,500 salaries for extra deputies, also rejected.

## Highest Citrus Price Should Be Expected

LEESBURG—Florida citrus growers should not be satisfied with anything except the highest price a willing buyer will pay for a finished product, banker George Ware warned in a rap at recent offers of citrus concentrate firms for long lease contracts for the purchase of fruit.

He told growers "by all means" to stay in the Florida Citrus Mutual.

Ware is a powerful figure on the citrus committee of the Florida Bankers Association. He pointed out that the small grower needs Mutual now more than ever and said, "a grower can do a more effective job supporting the organization from the inside than he could possibly do for himself or the industry on the outside."

## Guest Ministers To Preach In Pahokee

Rev. and Mrs. Ralph W. Todd and daughters left this week to spend a month with relatives in Texas.

During the Rev. Todd's absence guest ministers will fill the pulpit at the Pahokee First Methodist Church at the morning services. There will be no evening services at the church through the remainder of the month of July.

This coming Sunday morning, morning, July 9, Rev. Dwight R. Roadman of West Palm Beach will deliver the sermon. Mrs. Dan Carpenter and Mrs. Duncan Padgett will sing a duet and Jack Phillips will act as song leader.

Rev. Charles Thompson, superintendent of the Methodist Children's Home, will be guest speaker on Sunday, July 16. Mrs. R. W. Sanders will sing a solo and Jack Phillips will lead the congregation in song.

Dr. J. H. Daniel, district superintendent, West Palm Beach, will preach at the morning service Sunday, July 23. Jack Phillips will sing a solo and O. B. McClure will be the song leader.

On Sunday, July 30, Rev. Ralph Hughes of Belle Glade will deliver the sermon. Special music will be sung by a quartet composed of Mrs. R. M. Sanders, Mrs. Ruth V. Meredith, Mrs. Robert Walker and Miss Joyce Fields.

The various circles of the Woman's Society of Christian Service will be in charge of the midweek prayer meetings on Wednesday evenings during the Rev. Todd's absence. The Senior and Intermediate Methodist Youth Fellowship groups will meet jointly at the church on Sunday evening at 7 o'clock.

## Family Reunion By The Guthrie Family

A family reunion and dinner was held at the home of Mr. and Mrs. I. S. Guthrie on Sacom Point Road the Fourth of July.

Those attending were Mr. and Mrs. William Guthrie, Sr., and children of Miami, Mr. and Mrs. William Guthrie, Jr., of Waco, Texas, Mrs. Lois Dalton and children of Memphis, Tenn., Mr. and Mrs. J. B. Crosby, Mr. and Mrs. Leon Guthrie and daughters, Mr. and Mrs. James Merrill, Mr. and Mrs. George Weaver, Mr. and Mrs. J. W. Guthrie and children, Mrs. Olive Ivins, Mrs. Sadie Barwick and Miss Marcia Jean Guthrie, all of Pahokee.

## School Janitor Is Hurt In Auto Mishap

J. P. Herring, janitor at the Pahokee School, received painful scratches and bruises but escaped serious injury when he was knocked down by a car at the corner in front of the Bank of Pahokee Friday evening around six o'clock.

The car, driven by Ralph (Red) Crews, was turning the corner on a green light when Mr. Herring suddenly stepped in front of it, according to Police Chief Leon Gutrie, who said the accident was unavoidable on the part of Crews.

## Glen McMahan Hurt When Car Hits Tree

Glen McMahan, 24, of Pahokee and Hendersville, N. C., is in a critical condition at the Everglades Memorial Hospital from injuries received early Saturday morning when the jeep he was driving crashed into a tree on Road 15 near the Glades Club. He was headed south and evidently lost control of the car while attempting a U-turn in the road, according to State Patrolman B. W. Brinson, who investigated.

The young man was rushed to the Pahokee hospital where he is being treated for concussion and probable internal injuries. He regained consciousness Tuesday night.

McMahan has been a resident of Pahokee for one year and was employed at Walker's Service Station. The jeep he was driving, owned by Robert Walker, was completely wrecked.

His brother-in-law and sister, Mr. and Mrs. G. Cahan, of Hendersville arrived at his bedside Sunday evening.

## New Pastor Speaks To Canal Point Lions

President Boyd Vorhees and other newly installed officers of the Canal Point Lions Club presided for the first time at the club's dinner meeting Monday night. Guest speaker was Rev. C. J. Smyly, new pastor of the Canal Point Missionary Baptist Church. He was introduced by Rev. Earl J. Jones.

In denying charges filed against it by anti-trust lawyers, A & P Food Stores pointed out that the latter's complaint itself took note of the fact that the company's share of the nation's food business had dropped from 11.6 per cent down to 8.4 per cent.

## Evelyn Clay Wins Top Honors Talent Night Show; Prince

Two show-stoppers walked off with prizes at Malcolm Miller's Talent Scout Show, presented at the Prince Theatre, Tuesday night on the best talent bill and to the largest crowd of enthusiasts to date.

Evelyn Clay, who received several rounds of thunderous applause during the presentation of her novel acrobatic act, easily took the first prize. Val Gahaldin, a "small fry" with a pretty good size load of saxophone and a captivating swing of his body caught a huge burst of applause and second place.

Max and Douglas Lockhart, first winners at Belle Glade, were the guest stars and were welcomed warmly by the crowd.

Carolyn Scroggs gave a nice rendition of "Third Man's Theme" at the piano, displaying promising technic on the instrument. Mary Holmes sang "A. You're Adorable", in a sweet juvenile voice that pleased. Summers and Van Sickle, two girls with nice personalities, yodelled "Chime Belles" and collected an appreciative hand for their presentation.

Mariam Womack served at the piano, lending excellent assistance to the talent, while Malcolm Miller was MC of the show.

## St. Augustine Man Wins Chicken Contest

JACKSONVILLE—A St. Augustine commercial poultryman is Florida's top chicken breeder of 1950. He is J. D. Tindall, a self-made farmer and businessman who, in 12 years, has established himself as one of the state's leading contenders in Florida's bid for supremacy in the field of broiler production.

His latest honor consisted of first and fourth places in the 1950 Florida "Chicken-of-Tomorrow" contest which he won with a 15-bird entry of 12-week-old broilers averaging better than 4.3 pounds live weight.

In presenting Tindall with the coveted A&P Chicken-of-Tomorrow trophy, J. H. Nichols, chief of the meat department of the sponsoring A&P Food Stores, expressed a belief that the Florida broilers "will rate high in the Southeastern Regional contest at Spartanburg, S. C. in June."

Tindall's victory also established his eligibility as a contestant in the 1951 finals where the winner will be awarded \$5,000 by the national sponsor.

Other victors in the state contest included Pine-Air Poultry Acres, of Jacksonville, second place, and Oak Crest Poultry Farm, Inc., Jacksonville third and fifth places.

Purpose of the contest is to encourage production of a better meat-type broiler containing a greater proportion of meat to bone structure and eventually leading to greater profits for the producer and more meat for less cost to the consumer.

## News Notes From State Capital

**TALLAHASSEE** — This week saw peace officers from two Florida counties haled before Governor Warren to explain charges that games of chance flourished in their communities. Sheriff H. Lisle Enzor of Okaloosa County (Crestview) and Constables O. L. Bengtson of Fort Walton and Fox M. Wilson of Crestview will meet with the Governor on Friday. Sheriff Ralph P. Whit of Columbia county and Constable Harry K. Roberts of Lake City will come here July 10. The possible charge: neglect of duty by failing to keep slot machines from operating.

**TALLAHASSEE** — More than 300 girls from all over Florida crowded the capital in their annual observance of Girls' State following Boys' State of the week before. Florida Jill Sandra Riffkin of Hollywood was elected governor in a brisk campaign that also selected girls to fill other responsible state offices. The actual officials: Nathan Mayo, Commissioner of Agriculture; Bob Gray, Secretary of State; Richard Ervin, Attorney General, and others, told the girls what their offices mean. It was a successful meeting, sponsored by the American Legion Auxiliary

held in the air-conditioned legislative chambers, and with the girls housed at nearby Florida State University.

**TALLAHASSEE** — The state board of health has \$5,000 with which it will dispose of tons of dead fish littering the shores of Lake Apopka, and by their smell driving nearby householders to the hills. The cabinet released this funds after an appeal from State Senator J. B. Rodgers of Winter Garden. The fish died after a storm stirred up the lake mud, filling their gills. Their disposal follows pattern set in the red tide of last year.

**TALLAHASSEE** — The "State shack", or mansion as it is described in the law books, is getting new plaster in the dining and sitting rooms, but not in the master bedroom which Mrs. Fuller Warren, wife of the governor, said has become dangerous. The state will spend \$1,500 to fix up parts of the downstairs, long neglected, but Governor Warren said there isn't enough to patch the upstairs. The occupants report plaster in chunks frequently falls from the upstairs ceiling.

**TALLAHASSEE** — Attorney General Richard W. Ervin this week gave his opinion on these general subjects:

**RELIEF**—State Warrants issued to dependants may not be made public except to those administering the social security program.

**CONSTABLE** — Constable in course of duty may carry a weapon in another county.

**TRAILERS**—Dealers in used commercial trailers must be licensed by state.

**CORN**—State fixes standard of corn on the cob in shuck as 70 pounds avoirdupois to the bushel.

**WIFE**—Man cannot be prosecuted for withholding support from his wife after they are divorced.

**PRINTING**—Plain ruled paper need not be produced in Florida, and is not public printing.

**ELECTION** — Independent candidate need not get his name on general election ballot.

**TEACHERS** — County boards

may not establish policy of refusing to hire teachers 65 years old or more.

**FISHING**—Person giving use of boats free to those who park on his land may have to pay license for renting boats.

**TALLAHASSEE**—The state tuberculosis board plans to dedicate its new 500-bed \$4,000,000 sanatorium at Lantana on July 16. Open house and speeches will feature the celebration, with many former TB patients as special guests. First patients are expected in August.

**TALLAHASSEE** — The 5-day week for state office workers will start on a trial basis July 10, continuing to October 1. Thus employees will work 40 hours instead of 39, as they did under the old schedule of five and a half days. Cabinet officers believe they will serve the public more efficiently with workers starting at 8 o'clock in the morning, quitting at 5, with all day Saturday off. Only Governor Warren objected. Others cited federal 5-day week rule as effective. The state also took a long weekend over the fourth of July, closing the capitol Saturday noon, reopening Wednesday morning.

**TALLAHASSEE**—Younger wild life officers and fewer of them is the new policy of the state game and fresh water fish commission, announced in connection with a new year operating budget of \$1,210,578. Pay raises to a minimum of \$200 per month were voted with a top salary of \$235. Present range is \$150 a month to \$175. The Commission heard from Dr. Ira W. Gabrielson, president of the Wildlife Management Institute, Washington, what they must already have known, that no clearly defined standards of employment have been set or maintained. The Commission provided for automatic retirement of wildlife officers of 65, for the discharge of 33 officers, and for an age range of 23 to 45 for new employees.

**TALLAHASSEE**—State Forest C. H. Coulter has appointed Edwin R. Howard of Sneads as district forester for South Florida, succeeding Ernest W. Kreher of Lakeland, who will continue there as assistant forester for management.

**TALLAHASSEE** — Attorney General Richard W. Ervin this week gave his opinion on the following subjects:

**SCIENCE**—Whether a Christian Science practitioner should be entitled to a fee for treating patients under workmen's compensation is for the courts to say.

**HARBORMASTER** — Harbor-masters do not have the power of arrest.

**IMPROVEMENTS** — Securities issued by the State Improvement Commission are repaid entirely from income of the project, not from the state.

**ENGINEER** — County engineer must be a registered professional engineer.

**BATHS**—Registered beautician who gives cabinet baths is exempt from registration under the massage act.

## Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

Equalization and budget sessions of the county commission were continuing today following the initial meeting on Monday, which heard one complaint from a resident, debated at considerable length a review of tax valuations, and then adjourned to resume on Wednesday.

County Commissioner C. V. Byrd of Delray Beach started the discussion on valuations when he told County Assessor James M. Owens, Jr., that ocean front valuations were to high, while property back a short distance from the ocean was to low.

Byrd asserted that for years oceanfront residents—faced with considerable expense because of repairs necessary as the result of storms—have carried the burden of heavy taxation, while residents away from the ocean at short distances and enjoying its advantages had much lower assessment. He said oceanfront property was valued up to \$100 a foot, while tracts only a short distance away were down to \$25 and \$30 per foot.

The Delray commissioner pointed to Singer Island as an example. He said A. O. Edwards had developed the three and one half million dollar property "from a sandpile" and while assessments should be equitable, the assessment of the county should be spread over a number of years.

The discussion resolved itself into a general debate over the assessments on all real property—Commissioner Byrd contending that homes in the county valued at \$7,000 and \$8,000 or higher, were assessed at under \$5,000, the owners as a result contributing nothing to the maintenance of roads and schools and other county expenses because they were within the homestead limit.

Owens objected that he was against placing inflated values on property, that he was trying to arrive at a true value, and asserted the fixed valuation of many properties today was far higher than the actual value.

Byrd, however, contended that \$49,000,000 worth of homestead exempted property in the county pays nothing for county services and asserted that if taxes were assessed at the property owner's own valuation, these properties would help support the county.

County Commission Chairman Lake Lytal declared that "if you analyze the valuations over homesteads you would be able to get millions more on the tax rolls."

Owens, however, asserted that if you "doubled the assessments you would get very little more."

Commissioner for Lake Worth John Prince said he agreed with the views of Byrd that valuations should be in keeping with the actual value of the property and explained to Owens that what the commissioners had in mind was not to defeat the purpose of homestead exemption in any way, but to assess that valuation in excess of homestead exemption if the valuation was there.

Byrd then made two motions—that the county assessor review the valuations of county property with the idea in mind of levying at the true values of these properties—and when that one lost for lack of a second, that the assessor review municipal property to make county valuations more in keeping with the assessments made by municipal assessors. The second motion also lost for a lack of a second.

Commissioner Prince said that he "knew what Byrd was aiming at and was in accordance with his idea," but he added, that he didn't want to see anything done that would hold up tax collections in October. He said there was not time enough now to review assessments between now and the tax due date and preferred not to take any action that would block collections.

In other actions, the commission agreed to confer with labor leaders to determine why a Miami con-

Lytal explained to the board that he had refused the use of airport barracks facilities to the contractors employees on the basis that they were earning money locally and could afford to maintain their own quarters. The board concurred with this action. It also permitted Lytal to incur nominal expense for the Lantana Southeast Florida Hospital dedication, on a motion by Vice-Chairman Paul Rardin, and at the request of Byrd granted \$50 for a 4th of July outboard regatta on Lake Ida.

## Had Your Picture Taken Lately?

The kind we're talking about may do more for your age than the most flattering photograph in your album. It may tell you that your lungs are radically healthy ... that your chest shows no symptoms of tuberculosis.

The kind of picture we mean is a chest X-ray. We think it's the most important picture you can have, because the X-ray can tell you are free of tuberculosis! So play it safe ...

### Weekiwachee Spring W. Coast Show Place

BROOKSVILLE — Weekiwachee  
Springs, outstanding underwater  
attraction, located on Route  
19, is conducting a series of "Special  
Weeks" devoted exclusively to  
Florida homefolks.

These special weeks will be dedicated  
to various Florida counties and  
visitors are invited to see the  
marvels of this famed underwater  
fairland at half the usual price.  
Admission to the park and grounds  
is free, picnic facilities are provided  
and this is a delightful spot to  
spend the day.

Newton A. Perry, general manager,  
said that special underwater shows  
will be staged daily for the  
entertainment of visitors. Another  
enjoyable experience offered at  
Weekiwachee is the Jungle River  
trip which starts at the "Spring of  
the Mermaids" and terminates at the  
Gulf.

There is no other attraction like  
this in Florida and everyone should  
see it.

### Farmers Practicing Safety On The Farm

TAMPA—A recent survey conducted  
by the Florida Safety Council  
among the vocational agricultural  
teachers in which more than  
1,000 FFA students participated  
showed that the farmer today is  
very careful and is practicing safety.

Practically every county participated  
in the survey which showed  
that the tractor is still responsible  
for the farm deaths, as well as the  
mangling of hands and fingers, due  
to working on tractors while in operation—farmers must learn that  
no type of machinery which is in  
operation should be repaired until

the motor is stopped—this will  
prevent accidents.

Another hazard on the farm is  
the use of gasoline and kerosene  
promiscuously. Our survey shows  
that many fires have been started  
and persons burned on account  
of this—kerosene and gasoline  
should be used sparingly and only  
by persons knowing how to use it.

### Would Oppose Our Joining Federalists

LAKELAND—The Florida Department of the Reserve Officers  
Association opposes U. S. participation  
in the world federalist government.  
The action came in a resolution  
which declared "the creation of a world federalist government  
as proposed by the United World  
Federalists would require the  
surrender of a portion of the  
sovereignty, liberty and freedom  
of the United States."

The reserve officers called on  
Florida voters to defeat the referendum  
on world federalist government,  
to be voted on in the Florida  
November general election.

Major General Sumter L. Lowry,  
of Tampa, commander of the 51st  
National Guard Division, opposed  
creation of a one-world government.  
He challenged Dr. Ray Short,  
of Lakeland, to show that  
Generals Dwight Eisenhower or  
George C. Marshall ever had  
endorsed the proposal.

### Horse Meat Labeled "Tender Loin", Tampa

TAMPA—Federal Judge William  
J. Baker recently ordered  
destruction of 3,217 pounds of  
horse meat labeled tender loin.  
The meat was shipped from  
Dallas, Texas, by Meyer Gilgus  
to a Tampa storage house to be  
held for Gilgus.

Federal officials seized it here  
March 29 because it was improperly  
labeled "tender loin." They  
said any action taken against  
Gilgus would be in Dallas, where  
the shipment originated.

Meanwhile, city county and  
Federal health officials here said  
they had no knowledge of another  
280,000 pounds of horse meat  
reportedly seized here recently.

Mr. and Mrs. Lloyd M. Adams  
of Clewiston announce the birth of  
a son, Kenneth Ray, at the Everglades  
Memorial Hospital, July 3.

### Cherry - Raulerson

Mr. and Mrs. Ray B. Raulerson  
of Pahokee announce the engagement  
and approaching marriage of  
their daughter, Miss Nadine Marie  
Raulerson, to Joseph R. Cherry,  
Jr., son of Mr. and Mrs. J. R.  
Cherry, Sr., of Belle Glade.

Miss Raulerson is a graduate of  
Pahokee High School, Class of  
1950. Mr. Cherry graduated from  
Belle Glade High School in 1946.

The wedding will take place on  
the lawn at the home of the bride-  
elect's parents on Sunday, Sept.  
10, at 7 p. m. The ceremony will  
be followed by a reception.

No formal invitations are being  
issued but all friends of the couple  
are invited to attend.

The churches of the Everglades extend a warm  
welcome to every person to attend church on Sunday.  
You'll get a deep satisfaction out of attending  
the church of your choice. With the beginning of a  
New Year there is no better time than NOW to make  
a resolution to do a better job attending church in  
1950 than you did in the year past. You'll personally  
enjoy the wonderful messages of faith which are in  
store for you during this good year ahead. Today,  
make a resolution that one hour out of the week's  
168 will be devoted to church services. Can you do  
less? Watch the columns of The Everglades News  
for church announcements weekly. The Lake Region  
is blessed with a group of fine churches. Your attendance  
will make the work of these churches more  
successful.
